PM of AJK congratulates Imran Khan for bringing the attention of OIC participants to the Kashmir dispute

Daily Parliament Times, December 20, 2021

The Prime Minister (PM) of “Azad Jammu and Kashmir” (AJK) Sardar Abdul Qayyum Niazi has said that the holding of the 17th extraordinary meeting of Organisation of Islamic Cooperation (OIC) Foreign Ministers in Pakistan was a historic achievement and the PM of Pakistan Imran Khan has successfully drawn the world’s attention towards the “crisis in Afghanistan and Kashmir issue.” While addressing a press conference at Jammu and Kashmir House, he said the forces isolating Pakistan have themselves become isolated. The PM of Pakistan has also drawn the attention of the participants of the conference towards the “unsolved Kashmir dispute” which demonstrates his feelings and emotions for the Pakistani and Kashmiri people. He said that an OIC meeting should also be convened on the Kashmir issue for resolving the lingering “Kashmir dispute” for establishing lasting peace in the region. He said that the PM of Pakistan has projected the Kashmir issue in its true perspective at an international level and invited the attention of the international community towards “gruesome human right violations by the brute Indian forces on Kashmiri people in occupied Kashmir.”

He said that India had planned to “change the demography” of the state and has also intensified the reign of “terror in occupied Kashmir” to

suppress the freedom movement launched by the people of “occupied Kashmir” for attaining their internationally recognized right to self-determinations. He stressed that the PM of AJK and the Governor of Gilgit-Baltistan (GB) were specially invited to the meeting of the OIC foreign ministers. He said that the Kashmir issue is very important and it needs to be addressed for establishing durable and lasting peace in the region.

‘Entry of PashtoonTahafuz Movement chief banned in AJK’

Dawn, December 23, 2021

The government of “Azad Jammu and Kashmir” (AJK) has banned Manzoor Ahmed Pashteen of Pashtoon Tahafuz Movement (PTM)’s “entry and speech in the territorial jurisdiction”. The PTM leader was invited by a faction of the National Students Federation (NSF), a “pro-independence organization,” to address its convention in Kotli on Dec 25 as the chief guest. Earlier in the day, at a press conference in Kotli, some activists of an “obscure organization” by the name of “Tehreek-i-Jawanan-Kashmir” called upon the AJK government to ban the entry of Mr Pashteen “to arrest the propagation of India-sponsored narratives in the territory.”

However, on social media, the AJK government’s move drew instant criticism from a former information minister belonging to the opposition Pakistan Muslim League-Nawaz

(PML-N). He condemned the Pakistan Tehreek-e-Insaf (PTI) government for banning Manzoor Pashteen's entry and speech in "Azad Kashmir."

Promoting tourism

Business Recorder, December 21, 2021

It was an important step forward for Prime Minister (PM) Imran Khan’s favourite project, i.e., promotion of tourism when he inaugurated an international airport at Skardu, capital of Gilgit-Baltistan (GB), as well as a road connection between Skardu and Jaglot, which is situated at the junction of three major mountain ranges: the Karakorum, Hindu Kush and Himalayas. During his speech, PM said that he had never seen such magnificent mountain ranges as the ones in GB, adding that Pakistan like Switzerland, which earns \$ 70 billion annually from tourism, could earn billions by exploiting its immense tourism potential.

Indeed, Pakistan has plenty to offer from its great mountain ranges, including the world’s second-highest mountain, K2, and incredible scenic beauty of its northern areas to vast plains and deserts dotted with cultural heritage attractions, Indus civilisation’s archaeological sites that go back to 7000 years, a charming coastline and wildlife-rich wetlands. For the thrill-seekers, there is mountaineering, skiing, white water rafting, mountain biking, desert jeep safaris and camel and yak excursions. Then there are ancient religious sites, regional sports events, folk festivals, arts and crafts shows. Several international travel companies have ranked Pakistan as the

best holiday destination as well as one of the highest potential adventure destinations in the world. Forbes magazine also included Pakistan in its "best under the radar places to visit in 2020." With such impressive endorsements, foreign tourists should be flocking to this country; that thought has not happened as yet. The reason is obvious. As the PM noted a few months ago that promotion of tourism was not possible without peace; foreign tourists would come to Pakistan only if they feel safe and secure. Although terrorists have been defeated to a large extent, violent extremism remains a clear and present threat in this country. The government has taken some significant steps to stop the misuse of blasphemy laws. But the issue will not go away unless extremist elements, such as the Tehreek-e-Labbaik Pakistan (TLP) are held to account. It is more important to check violent extremism than it is to improve and expand infrastructure facilities.

The meeting was held under the chairmanship of Sardar Tanveer Ilyas Khan, chairman of Pakistan Tehreek-e-Insaf (PTI), AJK. The meeting was attended by many local government officials and ministers. final draft of the amendment to the Tourism Act.

The meeting also agreed to set up a tourism authority in "Azad Kashmir" to provide a conducive environment for tourists. During the meeting, it was decided to build restrooms at every 15 km distance on all major highways in collaboration with the local government department, highways department and tourism department. It was decided at the meeting that "Azad Kashmir" would be made a tourism free zone while a unanimous proposal for setting up a tourism authority would be tabled at the next cabinet meeting. It has also been noted that the amendment to the tourism promotion act will be a significant step towards building state-of-the-art projects in "Azad Kashmir" by adapting tourism to modern requirements. The proposed TPA act 2021 will usher in a new era in the field of tourism. Thus to give tourism industry status in "Azad Kashmir," various legal barriers to tourism policy need to be removed.

It is a shame not to talk about Kashmir in the OIC meeting: Sirajul-Haq

Jasarat, December 22, 2021

The head of Jamaat-e-Islami, Siraj-ul-Haq has said that the Organisation of Islamic Cooperation (OIC) meeting on Afghanistan is welcome but not talking about "Kashmir is a matter of concern." He stressed that "Kashmir is the lifeblood of Pakistan" and it is a shame

to remain silent on this at the OIC meeting. He further noted that the OIC meeting was held after 41 years in Pakistan, and the government's silence on the "Kashmir issue" is tantamount to sprinkling salt on the wounds of the Kashmiri people. Whom has the government tried to please by not including Kashmir in its agenda? He lamented that the "sacrifices of millions of martyrs in Kashmir" required that in this important meeting the difficulties faced by them be discussed and practical steps be taken. He said that after the defeat of the United State (US) in Afghanistan, the day is not far when the people of "Palestine and Kashmir will see the rising sun of freedom." He said that "occupied Kashmir" has witnessed the biggest human tragedy in history since August 5, 2019, in which no one has access to "basic human rights" and the media is not allowed access to it and therefore not including Kashmir in the agenda of OIC meeting by the government is disloyalty with the blood of millions of martyrs. He stressed that many expectations of Kashmiris were attached to the OIC meeting, but the fact that Kashmir was not even mentioned in the declaration of the meeting did not create a good impression.

'Kashmiris expect British Parliament to raise voice for self-determination of Kashmiris:' AJK President

Nawaiwaqt, December 23, 2021

The president of "Azad Jammu and Kashmir" (AJK), Sultan Mehmood Chaudhry has said that the British parliament can play an important role

in raising the "issue of Kashmir." By using their influence, they can put pressure on European governments to stop the ongoing "human rights violations in occupied Kashmir." He noted that earlier, the Kashmir issue was included in the Labor Party's manifesto, which is no longer the case. Kashmiris have high expectations from the British parliament, so the parliament should play its role for the right of Kashmiris to "self-determination." He expressed these views in a meeting with Angela Rayner, a British member of parliament and deputy leader of the British Labor Party, and Lord Wajid, a member of the British House of Lords, at the Presidency, Kashmir House, Islamabad.

'The time is not far when Kashmir will be free from Indian domination and become part of Pakistan'

Urdu Point, December 24, 2021

The "Azad Jammu and Kashmir" (AJK) minister for Information, Law, Justice and Parliamentary Affairs Sardar Fahim Akhtar Rabbani has said that Quaid-e-Azam Muhammad Ali Jinnah was a great leader. In just a short span of seven years after the adoption of the Pakistan Resolution on March 23, 1940, the establishment of the then-largest Islamic state was undoubtedly a great achievement and all the credit for it goes to the father of the nation, Quaid-e-Azam Muhammad Ali Jinnah. He expressed these views in his message on the occasion of the birthday of Muhammad Ali Jinnah, the founder of Pakistan. He further said that today

“Kashmiris are fighting the war of independence of Kashmir and defence of Pakistan” in the light of the words of Quaid-e-Azam. He stressed that on the birthday of Quaid-e-Azam, we pledge that we will never hesitate to sacrifice our lives, property, honour and dignity for the defence of Pakistan and the independence of Kashmir. He noted that we will continue our struggle till we make “occupied Kashmir part of Pakistan” and the time is not far when Kashmir will be free from “Indian domination” and become part of Pakistan.
