### **'PTI nominee set to be elected AJK PM by a clear majority'**

*Dawn, April 18, 2022*

The Pakistan Tehreek-e-Insaf (PTI) selected Sardar Tanveer Ilyas as its nominee for the office of "Azad Jammu and Kashmir" (AJK) prime minister, by a clear majority in the Legislative Assembly of 'AJK.' The 19-member combined opposition, comprising "Legislative Assembly of AJK" members of Pakistan People Party (PPP) and Pakistan Muslim League (PML-N), announced that they will "boycott the election of the prime minister without giving any reason for it immediately." Meanwhile, the opposition had nominated PPP's regional president Chaudhry Mohammad Yasin as their candidate for the prime minister's office. In response to a question posed by Dawn correspondent, leader of the opposition Chaudhry Latif Akbar "alleged that Imran Khan had sold out the 'AJK' premiership to Mr Ilyas."

The opposition leader noted that "not only has Mr Ilyas given money to PTI lawmakers but he also held them, hostage, at a local hotel for the past few days." It has also been noted that according to rule 15 of the Rules of Procedure of the Legislative Assembly, any Member of the Legislative Assembly (MLA) "can propose the name of any other MLA for the office of prime minister two days before the day of voting while the nominee can himself withdraw from the election a

day before the voting day." It has also been observed that another opposition leader, Mr Yasin had "allegedly contacted some of the PTI legislators to support him in the election." It has been speculated that some "PTI legislators from Mr Yasin's tribe might have a soft corner for him," however, this was rejected by the "legislators from the Mirpur Division."

It has also been observed that a PTI lawmaker (name not disclosed) considered close to 'AJK' president Barrister Sultan Mahmood "naively disclosed that Mr Mahmood had suggested the names" of Sardar Faheem Rabbani and Chaudhry Mohammad Rasheed to chairman Imran Khan as the likely replacement for Sardar Abdul Qayyum Niazi. However, since the "chairman has given his blessing to Sardar Tanveer Ilyas we all stand by him wholeheartedly and there should not be any doubt in this regard." It was also observed that the former prime minister Mr Abdul Quyyum Niazi had "hinted that he too could poll his vote in favour of Mr Ilyas provided that no one booed him in the assembly." While responding to a question about Muslim Conference leader Sardar Attique Ahmed Khan and Jammu Kashmir People's Party chief Sardar Hassan Ibrahim, it has been said that "at least one of them would surely vote for Mr Ilyas," as both of them supported the previous Niazi led PTI government.

*Dawn, April 18, 2022*

The chairman of Pasban-e-Hurriyat, Uzair Ahmad Ghazali has appealed to the United Nations (UN) to “stop India from the forced settlement of Indian citizens in the disputed state.” He stressed that the government of Bharatiya Janata Party (BJP) led by Narendra Modi deliberately tried to convert the Muslim majority population in the state “into a minority”, and added that “domiciles are being issued to millions of Hindu citizens from all over India and Kashmiris’ land is being forcibly sold to Indian traders.” He further said that “citizens from across India are being placed in government jobs” on a priority basis and due to these “cruel measures,” the unemployment rate in the state has gone beyond 25 per cent. He noted that the “Indian government is trampling the religious, political, social and civil liberties of the Kashmiri people through military force”, and added that, Kashmiri people are being “arrested and imprisoned in jails” under “inhumane and cruel laws” like Armed Forces Special Powers Act (AFSPA), Prevention of Terrorism Act (POTA) and Terrorist and Disruptive Activities (TADA). Ghazali called on the UN and the international community to play an effective role in preventing the “settlement of Indian citizens” in

Jammu and Kashmir. He also appealed to the people of “Azad Jammu and Kashmir” (AJK) to raise their voices against the “Indian government’s aggressive measures.”

### **Youths in Ghizer Khas protest against construction mafia**

*Pamir Times, April 18, 2022*

The young people in Ghizer Khas protested against the “construction mafias” for digging up playgrounds. It was observed that people related to the construction industry in connivance with some other individuals had started digging up “available lands that include playgrounds to collect gravel,

stone, silt, clay and sand.” It has been said that “booming construction” has boosted the demand for the said materials (gravel, stone, silt, clay, sand) but the absence of rules and regulations paved the way for individuals related to the construction industry to benefit from whatever is available for free on the ground.

The protestors noted that the practice has not only damaged land and public properties but is also posing a great threat to the natural habitat and environment in Ghizer Khas. The protestors also highlighted that due to climate change glaciers release extra water which results in erosion of river banks thus permanently damaging the existing historical natural-golf-courses in Ghizer, and added that now bad practices by individuals related to the construction industry have added to the calamity. They (protestors) requested the deputy commissioner of Ghizer and chief secretary of Gilgit Baltistan (GB) to take notice of the situation and protect playgrounds as well as the environment and natural habitat. Members of the community have requested the government to protect lands and save natural habitats by building a levee system around the river banks. The government was urged to find rules and regulations for people related to the construction industry especially contractors in the region.
