The committee was of the view that “brutal activities of Indian forces” cannot “suppress the Kashmiris from their just demand of self-determination.” The committee also condemned the worlds’ human rights organization, the UN, for their intentional silence over the “vicious acts by the Indian government.” The committee also scrutinized the budgetary proposals relating to the Public Sector Development Programme (PSDP) for the financial year 2022-23 of the ministry of Kashmir affairs and GB and ensure transparency in the utilisation of the demanded funds. ### **‘Judicial murder of Afzal Guru, a question mark on so-called secular India:’ Afridi**

*The Nation, February 10, 2022*

The chairman of the parliamentary committee on Kashmir Shehryar Khan

Afridi said that the “judicial murder of Kashmiri trader Afzal Guru was a question mark on so-called secular India and his illegal hanging reflected that entire Indian elite was united in silencing the voices being raised for the freedom of people of Jammu and Kashmir.” He expressed these views on the 9th death anniversary of Afzal Guru while talking to a delegation of Kashmiri activists led by Dr. Mujahid Gilani, president of the Kashmir youth alliance at the parliament house. Shehryar Afridi said that the “Indian judiciary had become an extension of the extremist Hindutva regime and its judgements in Afzal Guru, Babri Masjid, Maqbool Bhat and other similar cases without any evidence had proved the fact.”

He claimed that the “judiciary and legal fraternity in India are working hands in glove with the Hindutva and target the Kashmiri people and once they move courts, the saffron judiciary and lawyers fraternity work to provide legal cover to the oppression meted out to the Kashmiris and Muslims of India.” Afridi said that the hanging of Afzal Guru to satisfy the collective conscience of the people of India was a “miscarriage of justice” and stressed that any nation needed to know and remember its “heroes who had sacrificed their lives for the freedom of their nations.” He noted that a monument of Kashmiri leadership and a museum of the “martyrs of Kashmir” will be constructed in Islamabad to project the real voices of “occupied Kashmiris.”
