## **Political Developments**

### **‘GB province bill submitted in Senate secretariat’**

*The Express Tribune, March 01, 2022*

The Balochistan Awami Party (BAP), a key ally of the federal government, submitted a bill in the senate secretariat for the elevation of the Gilgit-Baltistan (GB) region into an interim province of the country, with representation in the national assembly and the senate. The bill submitted by senators Kauda Babar, Ahmad Khan, Naseebullah Bazai and Prince Omar, proposed an amendment to Article 1 of the constitution to create a new interim province. It said that the people of GB had long demanded “equal citizenship rights” in the country. The GB region formerly known as the Northern Areas was administered by the federal government and in 2009, the region was renamed as “Gilgit-Baltistan” and granted limited autonomy through “the self-governance order” signed by then-president Asif Ali Zardari. The BAP’s constitutional bill proposed three seats in the national assembly for GB and four in the Senate, followed by two general seats and one each for technocrats and women. It also proposed a GB high court, based in Gilgit with a bench in Skardu. It also seeks the region’s representation in the Election Commission of Pakistan (ECP).

**Protests and sit-ins across AJK against 'Afghan nationals being granted Azad Kashmir citizenship', among other Issues**

*UrduPoint, March 01, 2022*

A big sit-in protest led by students among other organizations in "Azad

Kashmir" demanded to restore taxes on wheat, subsidy on electricity bills among other issues. The sit-ins crowd which entered its seventh day also protested against "Afghan nationals" being granted "Azad Kashmir citizenship." The protests were led by the Jammu and Kashmir National Students Federation (JKNSF) and workers of the National Awami Party (NAP). The Liberation Front (LF) chairman Saghir Khan also joined the sit-in protests to show solidarity. While addressing the protestors, former president of JKNSF Samad Shakeel and NAP chief Liaquat Hayat among others urged the leaders and workers of other political parties to thwart the "conspiracy to change demographics in Azad Kashmir." They noted that after Dadyal (tehsil in Mirpur district), the names of "Afghan nationals are included in the voter lists" and also the lands had been allotted to them in Rawalpindi. They stressed that Afghan nationals have also voted in the recently concluded general elections of "Azad Kashmir." The speakers noted that while demographic changes in "occupied Kashmir are being made through the settlement" while in the case of AJK, "demographic changed are introduced by giving citizenship to Afghans", and everyone has become a silent spectator. They demanded to remove Afghan nationals' names from voter lists or we will take drastic action. They further noted that during their discussion, the Poonch administration had not only agreed to cancel the land allotment to Afghan nationals in a few days but also ensured us to remove

their names from the voter lists in addition to the cancelling of their local citizen's identity card. They maintained that the government and district officials asked for a week's respite and we gave a month in honour of Barrister Sultan, but three months had passed and no decision had been taken. Now we refused to end the sit-in protests because when the administration did not comply with the orders of the president of AJK Barrister Sultan, how are they going to address our demands.

They noted that the administration wants to destabilize the peaceful situation and maintained that it is within the jurisdiction of the administration to immediately cancel the land allotment, to remove the names of Afghans from the voter lists and cancel their identity card and inform the court regarding all the developments. They stressed that if their demands were not being addressed, there will be sit-ins in every city of AJK, letters will be written to United Nations (UN), human rights organizations and hunger strikes and protests will take place in front of Pakistani embassies abroad. They said that politicians of the region will have to come forward and ask the Poonch administration on what grounds "non-state actors" are being granted citizenship in "Azad Kashmir." The speakers observed why it is wrong if "India is trying to change the demographics by bringing Indian citizens to Jammu and Kashmir" and how is it right and "legal to give citizenship to Afghans" by settling

them here? The political leaders of "Azad Kashmir", who are protesting against the "Indian illegal move", are not protesting against this "conspiracy." They stressed that we are the followers of Maqbool Butt and the current sit-in will not end without achieving the objectives. The NAP chief Liaquat Hayat also demanded the proper supply and cost of wheat and demanded to declare "Azad Kashmir" as a power freeload shedding zone and reduction in electricity tariffs. To prevent load shedding, installation of new faulty meters should be stopped and electricity connection fees should be deposited in the bank instead of cash. They further noted that "Azad Kashmir" generates 4,000 Mega Watts (MW) of electricity, of which only 400 MW is being supplied to us.

### **'Jamaat-e-Islami Azad Kashmir rejected GB constitutional province bill'**

*Jasarat, March 02, 2022*

The leader of Jamaat-e-Islami (JI) "Azad Jammu and Kashmir" (AJK), Dr Khalid Mehmood Khan has said that giving Gilgit-Baltistan (GB) the status of a constitutional province is against the "unity of the state of Jammu and Kashmir" and "Kashmiris will reject it." He said that the people of GB should be provided with a dignified system of government in the style of "Azad Kashmir." He stressed that the decision to declare GB as a separate constitutional province is a "conspiracy to partition Kashmir" and therefore JI

rejected it completely. While addressing a meeting, he said that "Azad' Kashmir, GB and occupied Jammu and Kashmir" are units of the state of Jammu and Kashmir and any such decision which is against the will of Kashmiris will be considered treason to the blood of martyrs. He said that such an act will also justify India's move on August 5, 2019, and if any similar attempt is made here to impose any solution on Kashmiris, JI will strongly oppose it.

He said that the government of Pakistan should avoid such a move keeping in view the sensitivity of the issue as Kashmiris are fighting for the "survival and security of Pakistan." He stressed that the "partition of Kashmir" is a conspiracy against the "ideological basis" of the state of Pakistan and instead of freeing the "Pakistan jugular vein" (referring to the Indian part of the Jammu and Kashmir) from the "control of the enemy", the leaders of Pakistan are weakening the "Kashmiris love for Pakistan." He said that Kashmiris have offered millions of martyrs for independence and they would not accept any solution other than "unity of Kashmir and right to self-determination."
