Chaudhry Anwar calls India's Kashmir elections a sham, insists on UN plebiscite

Pakistan Today, 21 August 2024

The Prime Minister of 'Azad Jammu and Kashmir' (AJK), Chaudhry Anwar ul Haq, has unequivocally rejected India's announcement to hold elections in 'Indian Illegally Occupied Jammu and Kashmir' (IIOJK), describing it as a mere facade to mislead the international community. In a statement, he argued that such elections could not substitute the plebiscite promised by the United Nations, which he claimed is the only legitimate method to resolve the region's future. Following India's revocation of the region's special status and the issuance of what he termed 'fake domicile certificates' to millions of non-residents, Anwar accused India of attempting to obscure the truth by organizing these elections. He further declared that the tactics employed by India would not deter the Kashmiri people, who remain steadfast in their struggle for self-determination, a right upheld by United Nations Security Council resolutions.

JKCHR urges Pakistan Government to respect 'sovereign status' of Pakistan-based Kashmir State Properties

Daily parliament Times, 22 August 2024

The United Kingdom (UK) based Jammu Kashmir Council for Human

Rights (JKCHR) has urged the Prime Minister of Pakistan to respect, what it call the 'sovereign status' of Kashmir Properties situated in all the four provinces of Pakistan and honour the obligations towards these 'trust properties.' There is a caution in United Nations Security Council Resolutions (UNSC) 91 in this regard. While referring to the reports that the present Government of Pakistan as a measure to overcome its financial crisis, is reportedly in the process of considering the sale of these properties, the communication noted that such a move would be unfair and unjust. The JKCHR communication has pointed out that 'the proposal to lift the ban on the sale of these properties should be immediately removed from the agenda. These properties are protected under Article 257 of the Constitution of Pakistan, and lifting the ban on their sale would harm the Kashmir cause and expose the Government of Pakistan to serious challenges from a broad constituency of aggrieved parties.

The communication has referred to a meeting held on 3 April 2017 at which JKCHR had expressed 'concerns regarding the management of proceeds from these properties, including sales, rentals, and other income, which are deposited in a special account called 'the Sale Proceeds Account of Immovable Property of Jammu and Kashmir State.' Unfortunately, the control and management of these properties have never been transparent, and concerns about

corruption, fraudulent sales, and misuse of proceeds persist. The JKCHR Communication has, 'reiterated that these properties have a sovereign character, and the proceeds from their sale, rent, and other income, deposited in the special Sale Proceeds Account of Immovable Property of Jammu and Kashmir State, are meant to serve the interests of the people of Kashmir. The people of Jammu and Kashmir have been clearly defined in paragraph 60 of the report by the UN Representative for India and Pakistan.

It has been pointed out that on 12 November 1959 (Document S/4238), the Government of India raised objections to the 'Azad Kashmir' Government's decision to sell State Property in West Pakistan. This reference to the UNSC further insulates and protects these Kashmir properties, which are located in various parts of Pakistan and India. The JKCHR intervened in December 2019 and 'cautioned the Government of Pakistan against any such action, reminding that all Kashmir properties and assets situated in both India and Pakistan possess a sovereign character. The Government of Jammu and Kashmir in Srinagar has initiated legal proceedings in various courts to reclaim possession of these properties and has succeeded in many cases. This process is ongoing.

Elections cannot be held at military gunpoint in 'occupied Jammu and Kashmir:' Ch. Latif Akbar

Jammu and Kashmir Times, 21 August 2024

The interim president of 'Azad Jammu and Kashmir' (AJK), Ch. Latif Akbar rejected 'fake elections' that were announced under duress in 'Occupied Jammu and Kashmir' (OJK), and asserted that the United Nations Security Council (UNSC) resolutions stipulated that the fate of Jammu and Kashmir could only be ensured by a referendum, allowing Kashmiris to make their own decisions about their future. He claimed that a fair plebiscite cannot take the place of a sham election that is being overseen by Indian soldiers. The three-phase election's goal as announced by 'occupied India' is to force the decision upon the Kashmiris at the point of gunfire.

Akbar claimed that India is not only altering the population ratio in 'Occupied Kashmir', but it has also increased unfair regional representation in the Assembly to maintain its occupation. India is making vain attempts to become important in the eyes of the world. The government of Pakistan ought to draw attention to India's travesties and the sham elections and that Pakistan will persuade the world about India's crimes. He claimed that India have consistently violated the UN resolutions and that the people of 'OJK'

have traditionally opposed Indian control.

According to him, the BJP has lost the previous elections despite its forceful presence and that the people of Kashmir are voting against India and it is a testament that they want a referendum. The oppressed Kashmiris of 'Occupied Kashmir', in particular, he claimed, reject these fraudulent elections, as do all Kashmiris worldwide. He said that the government of Pakistan ought to press the international community to hold an impartial election in 'OJK' in compliance with UN resolutions.

He further claimed that human rights are continuously being violated in Kashmir and the youths, journalists and Hurriyat leaders were jailed and killed. He said that international community needs to be involved to free the innocents Kashmiris including Hurriyat leaders from Indian prisons. Minister of Wildlife and Fisheries Sardar Javed Ayub, Mayor of Muzaffarabad Sikandar Geelani, Vice Chairman Pasban-e-Hurriyat Mushtaqul Islam, and former member of the Kashmir Council Parvez Akhtar were also present on this occasion. In addition, Pakistan Peoples Party deputy secretary Shaukat Javed Mir, Director of Information Muhammad Bashir Mirza, among others also attended the conference.

In Balochistan, innocent and poor people from Punjab have been killed after being identified through their ID cards. Similarly, in Gilgit Baltistan, people were killed based on sectarian verification. It is now evident that there is no genuine sectarian issue; rather, the forces behind these actions are linked to the army. A similar situation is unfolding in Balochistan, where they are planning Operation Azam Ishakam to profit in dollars.
